

H I D E

HIDE has designed a range of inlay lids for skimmers, drain and access points which allow those typical eyesore spots to become essentially invisible. The HIDE inlay lids can be filled with landscaping materials to match that of the surrounds, transforming those obvious blots on the landscape into hidden no-shows.

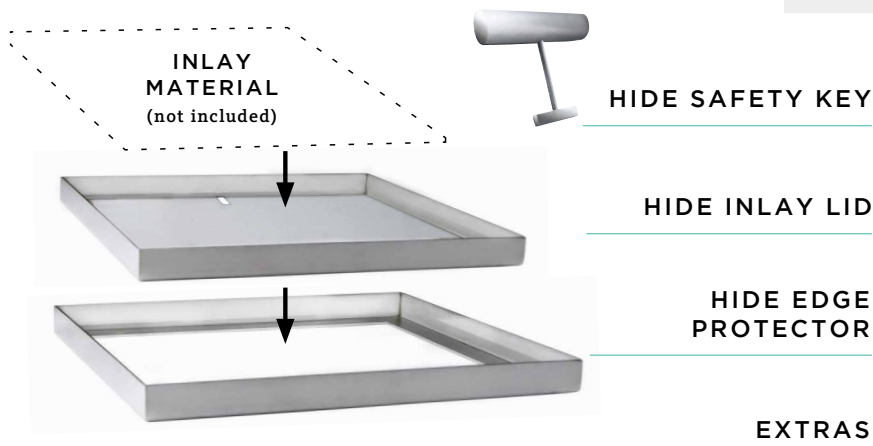

A RANGE OF WORLD-FIRST INTEGRATED INLAY LIDS FOR POOL + LANDSCAPED AREAS.

A finished HIDE fitted with an inlay.

A QUICK INITIATION - THE HIDE KIT

HIDE Skimmer Lids are designed for quick installation by a contractor. Each HIDE kit contains *all the components* for a no-fuss install, except the inlay materials because that's chosen by you!

Provides safe access to the skimmer.

A frame in which holds the inlay material eg tile, paver etc

A frame which sits outside of the inlay lid to protect the coping/surrounds.

Each kit also contains adhesive, a Height Adjuster and install instructions.

H I D E

HIDE's beautiful, streamlined finish is an absolute hit with homeowners. The HIDE design also features some major benefits!

MUCH MORE
TO LOVE

SCHMICK FINISH

A totally integrated + flush finish means the HIDE cover is essentially invisible. Your beautiful pool/patio landscape is not interrupted by a bulky or mismatched lid.

EASY USE

Other landscape lid options can be awkward to manoeuvre, hard to remove, or both. In comparison, HIDE covers are compact, and super easy to remove. After care is also a breeze.

LONG LIFE

The HIDE steel frames protect the inlay materials + landscaping surrounds, preventing breakages and future batch matching headaches.

HIGH GRADE

Marine grade, 316 stainless steel frames + Safety Key means a durable, long-lasting product, with a warranty!

POOL SAFE

100% pool safety compliant with AU standards. Peace of mind for homeowners, plus legally protects contractors.

GOOD PRICE

HIDE covers represent excellent value for money - quality, long-life products with a high-grade finish and no-fuss installation.
